Debtors Billing Macro Tech Tip

A new Macro Tech Tip is now available for download. Please visit the PCSchool Website or use the link below:

www.pcschool.net/download/DebtorMacroTechTip.pdf

This will give you instructions on how to create a billing macro based on an existing batch, create a new billing macro, edit a macro for next term or year and billing using a macro.

Information on calculating discounts prior to running the billing is also included along with various tips on the macro feature.

Visit the PCSchool Web Page for the latest updates and information
