

POS Stock – Retiring old Stock

If you wish to get rid of old stock or sold consignment stock from showing up:
You will need to be on at least POS Version 2016.0.0.5

Path: POS > Stock > Stock View >

1. Select Stock item
2. Make sure you have correct Shop Code selected
3. Select – Category and Code called Z-Retired – if this code is not there make sure you are on Version 2016.0.0.5 and then go into Path: Sales > Product Sales now go back to category and it will be there to select
4. If this code is not there make sure you are on Version 2016.0.0.5 and then go into Path: Sales > Product Sales now go back to category and it will be there to select - OK
5. SAVE
